

Now House Windsor 5

**Can you teach an old house
some new energy-saving tricks?**

See for yourself at an upcoming open house

WHERE: 1291 Rankin Street, Bridgeview, Windsor

WHEN: Saturday, February 6th, 2010, 10a.m. – 12p.m.
Saturday, March 6th, 2010, 10a.m. – 12p.m.

- > Visit a 60-year-old post-war bungalow that has been taught to pay its own energy bills.
- > Take home some ideas of how to green your home—from spray foam insulation and energy-saving appliances to tank-less water heaters and solar energy.
- > Be sure to bring the kids so they can test their Watt IQ in the electricity room.
- > See display panels that illustrate every step of the energy retrofit and the five different approaches.
- > Watch a movie from the 1940s showing how wartime houses were built.
